Amberton University has an agreement with eCampus.com to provide a full-service online bookstore to students. The Amberton University Virtual Bookstore is accessible through the University's website, www.Amberton.edu. There is also a bookstore link in the Student Portal.

The AU Virtual Bookstore provides an easy to use interface, online buyback of books, and same day shipment of most titles with an average delivery time of 2-3 days depending on the student's location. Textbook options include new, used, rental, and electronic media as available.

Since no books are sold on campus, students should plan accordingly and purchase their books in advance of the first day of class, allowing time for shipping. Be certain you are enrolled in the course before purchasing your book(s). All textbook information (Title, Author, ISBN, etc.) is available in course syllabi so students can shop competitively. Most textbooks can be purchased from many different textbook vendors. Some textbooks may only be available on the University's Virtual Bookstore. Students should be careful to obtain the exact resource(s) required for the course.

APA Requirement

This resource, revised according to the 7th edition, offers examples for the general format of APA research papers, in-text citations, endnotes/footnotes, and the reference page. For more information, please

consult the Publication Manual of the American Psychological Association, (7th ed.). All coursework at Amberton University will comply with the standards contained in the APA Publication Manual.

The following website will provide some examples of proper APA citations (<http://www.apastyle.org>), but the best source is The Publication Manual of the American Psychological Association (7th edition).

- 2. Late Policy for Assignments is as follows:**

An assignment submitted after the due date will be assessed a **10% grade deduction for the first 2 days late and 5% each day afterward for up to 5 days**. If circumstances arise that preclude meeting this course requirement or assignment deadline, you must notify me immediately.

- 3. Extra Credit** – There is no extra credit work in this class.
- 4. Academic Resources** – When conducting research for an assignment, the majority of your sources should be textbooks or peer-reviewed academic journals, such as those found in the university library databases. Internet searches will often take you to non-academic information resources such as

Wikipedia.com, Ask.com, Encarta.msn.com, Infoplease.com, etc. Information gathered from these sites may be unreliable and inaccurate since they do not follow the formal oversight of the peer review process. Please avoid using these sites. They will not be permitted in this course and will not count towards fulfilling assignments.

5. **Feedback** – Feedback is provided for graded exercises and assignments within 5-6 days of the due date. Moreover, if you need feedback at any time regarding participation assignments, please ask.
6. **Incompletes** – Amberton University policy states that it is up to an instructor's discretion as to whether he or she grants an "Incomplete" at the end of the course.

Those who demonstrate consistently high quality, and professional performance, and who regularly contribute to course activities will earn high grades in this course. As a guideline, you should login to the course and participate in the discussion, at least, two (2) times per week. Please plan on meeting the course requirements schedule. On rare occasions, circumstances beyond your control may result in your missing a course commitment. ***Please get in touch with me in advance of the due dates to discuss your situation.***
8. **Plagiarism** - Students agree that by taking this course, all required papers may be subject to submission for textual similarity review to TurnItIn.com for the detection of plagiarism. All submitted papers will be included as source documents in the TurnItIn.com reference database solely for the purpose of detecting plagiarism in such papers. Use of TurnItIn.com service is subject to the Usage Policy posted on the TurnItIn.com site. **The maximum Turnitin report cannot exceed 20%.** AI is not allowed and will show up on the Turnitin Report.

Student's Responsibilities

This syllabus contains information, policies, and procedures for a specific course. By enrolling, the student agrees to read, understand, and abide by the policies, rules, regulations, and ethical standards of Amberton University as contained in the current university catalog and schedule of classes.

Attendance Policy:

Regular and punctual class attendance, and engagement is expected at Amberton University. In case of an absence, it is the student's responsibility to contact the professor as soon as possible. If a student intends on withdrawing from a course, it is the student's responsibility to follow the university's policy on formally withdrawing from a course. **Ceasing to attend classes does not constitute an official withdrawal.**

Attendance in a lecture course is defined as punctual arrival to, and engagement in, a full lecture session. Attendance in a distance learning course is defined as active participation in the weekly online class sessions. "Active participation" can be defined as: submitting an academic assignment, taking an exam, engaging in an interactive tutorial, participating in an online discussion forum (or chat session), or initiating (or responding to) a communication with a faculty member about an academic assignment or the subject matter of the course. A student not meeting these requirements may be dropped at the discretion of Amberton University.

Plagiarism Policy

Plagiarism is the presentation of someone else's work as though it were your own. If you use another person's words, ideas, or information; or if you use material from an outside source – whether a book, magazine, newspaper, business publication, broadcast, speech, or electronic media – you must acknowledge that source. Plagiarism is a violation of the University's code of student ethical conduct and is one that is taken seriously. Amberton University operates on an honor system; therefore, honesty and integrity are essential characteristics of all who are associated with the institution. All Amberton students are expected to abide by the honor system and maintain academic integrity in all their work. Amberton University and its instructors monitor student work for plagiarism and reserve the right to submit such work to technology-based plagiarism detection services and applications at any time.

Self-plagiarism means reusing work that you have already published or submitted for a class. It can involve:

- Resubmitting an entire paper
- Copying or paraphrasing passages from your previous work

Self-plagiarism misleads your readers by presenting previous work as completely new and original. Students may not submit the same paper in substance in two or more classes without prior written permission of the instructors involved.

Students agree that by taking this course, all required assignments may be subject to submission for a textual similarity review to Turnitin.com for the detection of plagiarism and self-plagiarism. All submitted papers will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism in future papers. Use of Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com website.

Turnitin is a writing improvement and plagiarism prevention tool which uses special algorithms, to compare text-based student submissions to the Turnitin database and other online sources. Turnitin produces a detailed **similarity report** that can be customized and viewed by instructors and students.

Turnitin "Draft Coach" is a Google based add-on to Turnitin which supports students in developing high-quality academic writing; and serves as an integrity coach. Draft Coach, helps address errors and improve the quality of student's writing by highlighting grammar mistakes, identifying incorrectly cited sources, and scanning for similarity across several databases. By providing formative feedback on how to address citation issues, incorrect grammar, and matches with the Turnitin database, Draft Coach provides explanations to help students become more confident writers, capable of producing higher quality work both in academics and in the workplace.

COURSE DELIVERY METHODOLOGY:

This course is offered as a Lecture/Classroom course. This course requires that students meet a designated time in the classroom.

This course presents various theories of organizational designs in behavioral approaches to organizational effectiveness. The focus is on organizational types, effectiveness, competitiveness, and efficiency. It explores internal and external factors that have a positive or negative impact on achieving organizational goals. The course evaluates the ever-change modern work environment and the effectiveness of a well-designed organization.

COURSE OUTLINE AND CALENDAR:

PowerPoint Research Project: The course will have a Research Project. Each student will be required to conduct research on their organization or an organization they have worked for in the past. The student will 1) conduct a SWOT analysis on the current organization or an organization they have worked for in the past and identify at least five strengths, five weaknesses, five opportunities, and five threats. 2) Using Miles Typology, identify one of the four strategies that best describe the organization. This Research PowerPoint presentation **is worth 25% of the grade and will be due November 5, 2023. The professor must pre-approve the company and topic.**

Assignments Papers: During this session, there will be assignment papers, and each requires a minimum (5) page written critique of peer-reviewed journal articles related to the reading for the week. There will be an online discussion component for each review that will require the student to share the research they have reviewed. Detailed instructions for the assignment will be provided in the course. The reviews must follow APA guidelines and written requirements outlined in the syllabus.

DISCUSSION POSTINGS:

Discussion postings are a two-step process. In Step 1, you will be asked to post a response to a discussion question. This may include textbook questions, reviewing video links, conducting internet searches and/or mini cases. I am expecting 200 to 300 words in your responses. In Step 2, you will pick two other students' postings and give them feedback. Your job is not to "nitpick" his or her post. If you disagree, provide

scholarly-based feedback. You should expand upon the posting content in your response. Be specific in your feedback. I am expecting 75-100 words in each of your responses to other students' postings. Responses to other students' postings are due 5 days after the due date for the Step 1 postings.

Grading of discussion postings will be proportioned as follows:

- 60% - your original posting
- 20% - review of one other posting
- 20% - review of one other posting
