

AMBERTON UNIVERSITY
e-COURSE SYLLABUS

**MGT6480.E1 Predictive Human Resources Analytics
Summer 2024**

PROFESSOR INFORMATION:

Name: Dr. Nicholas Bowersox
Phone Number: 972-279-6511 ext. 257
Email Address: NBowersox@Amberton.edu

COURSE INFORMATION:

MGT6480.E1 Predictive Human Resources Analytics
Level: Graduate
Beginning Date of Session: Saturday, June 15, 2024
Ending Date of Session: Thursday, August 22, 2024
Student access available to the Student Portal: Saturday, June 15, 2024

Holiday Closings:

Juneteenth Observance- There will be no classes held and no assignments due on Wednesday June 19, 2024.

4th of July Holiday: There will be no classes held and no assignments due on Thursday, July 4, 2024.

Students enrolled in distance learning courses are not assessed any additional fees for security or identity verification.

COURSE PREREQUISITES:

None

TEXTBOOK(S) AND REQUIRED MATERIALS:

Title: Predictive HR Analytics
Author: Martin R. Edwards & Kristen Edwards
Publisher: Kogan Page
Year Published: 2019
Edition: 2nd
ISBN: 10: 0749484446 or 13: 978-0749484446
Price: Available at <http://amberton.ecampus.com>

Amberton University has an agreement with eCampus.com to provide a full-service online bookstore to students. The Amberton University Virtual Bookstore is accessible through the University's website, www.Amberton.edu. There is also a bookstore link in the Student Portal.

The AU Virtual Bookstore provides an easy to use interface, online buyback of books, and same day shipment of most titles with an average delivery time of 2-3 days depending on the student's location. Textbook options include new, used, rental, and electronic media as available.

Since no books are sold on campus, students should plan accordingly and purchase their books in advance of the first day of class, allowing time for shipping. Be certain you are enrolled in the course before purchasing your book(s). All textbook information (Title, Author, ISBN, etc.) is available in the course syllabi so students can shop competitively. Most textbooks can be purchased from many different textbook vendors. Some textbooks may only be available on the University's Virtual Bookstore. Students should be careful to obtain the exact resource(s) required for the course.

APA Requirement

APA (American Psychological Association) style is most commonly used to cite sources within the social sciences. This resource, revised according to the 7th edition, offers examples for the general format of APA research papers, in-text citations, endnotes/footnotes, and the reference page. For more information, please consult the *Publication Manual of the American Psychological Association*, (7th ed.). All coursework at Amberton University will comply with the standards contained in the APA Publication Manual.

COURSE COMPETENCIES:

In this course, students will learn how to use predictive human resources (HR) analytic techniques to improve upon an organization’s ability to find, screen, recruit, train, on understanding engage, and retrain new employees. The class will start by defining HR analytics with special emphasis on understanding the need for utilizing HR analytic techniques, information systems, data, and analysis strategies. Additional topics include applied statistical modeling in the areas of diversity analytics, employee attitude surveys, predicting employee turnover, predicting employee performance, selection analytics, and HR policy evaluation. Upon completion, students will be able to determine the appropriate quantitative method given the different types of HR data available to a firm with the ultimate goal of improving upon HR operations. Finally, students will learn how to utilize a statistical processing software package in a lab-like setting to construct and interpret predictive HR analytics.

UPON COMPLETION OF THE COURSE, THE STUDENT WILL BE COMPETENT IN:

1. Managing HR information sources including HR databases, employee attitude survey data, sales performance data, and HR operational performance data.
2. Describing the HR analytics process from data collection to project completion.
3. Examining procedures centered on the collection, management, analysis, and result interpretation of HR data.
4. Summarizing HR data using descriptive statistics and graphical techniques.
5. Examining HR data for missing information, outliers, normality, homoskedasticity, and linearity.
6. Specifying HR models in consideration of data characteristics, functional forms, omitted variables, irrelevant variables, and measurement error.
7. Developing an awareness of analysis software options including Stata, SPSS, Minitab, SAS, R, Python, and other statistical processing software packages.
8. Predicting employee performance and loyalty using binary, stepwise, and multiple linear regression analysis.
9. Modeling employee persistence using discriminant analysis, multiple regression analysis, and logistic regression.
10. Monitoring the impact of HR interventions, programs, policies, and procedures.
11. Conducting diversity analytics to evaluate firm performance in the areas of diversity, equity, and inclusion.
12. Using inferential statistical methods to assess differences in and model employee engagement levels.
13. Reflecting on HR analytics usage, ethics, and limitations.

COURSE POLICIES:

The learning environment is one of mutual respect between the professor and student. Please be mindful to adhere to all course policies and procedures. Students are expected to submit all course assignments on time. Assignments are to be submitted on the due date by 11:55 PM (Central Standard Time) via Moodle. Late assignments will not be accepted. Extra credit is not allowed for the course.

Student’s Responsibilities

This syllabus contains information, policies, and procedures for a specific course. By enrolling, the student agrees to read, understand, and abide by the policies, rules, regulations, and ethical standards of Amberton University as contained in the current university catalog and schedule of classes.

Attendance Policy:

Regular and punctual class attendance and engagement is expected at Amberton University. In case of an absence, it is the student’s responsibility to contact the professor as soon as possible. If a student intends on withdrawing from a course, it is the student’s responsibility to follow the university’s policy on formally withdrawing from a course. **Ceasing to attend classes does not constitute an official withdrawal.**

Attendance in a lecture course is defined as punctual arrival to, and engagement in, a full lecture session. A Student in a lecture course missing more than 20% (two class periods for weekday classes or one class period for Saturday classes) of the class meetings may be assigned a grade of an “F” or withdrawn at the discretion of Amberton University.

Attendance in a distance learning course is defined as active participation in the weekly online class sessions. “Active participation” can be defined as: submitting an academic assignment, taking an exam, engaging in an interactive tutorial, participating in an online discussion forum (or chat session), or initiating (or responding to) a communication with a faculty member about an academic assignment or the subject matter of the course. A student not meeting these requirements may be assigned a grade of an “F” or withdrawn at the discretion of Amberton University.

Plagiarism Policy

Plagiarism is the presentation of someone else’s work as though it were your own. If you use another person’s words, ideas, or information; or if you use material from an outside source – whether a book, magazine, newspaper, business publication, broadcast, speech, or electronic media – you must acknowledge that source. Plagiarism is a violation of the University’s code of student ethical conduct and is one that is taken seriously. Amberton University operates on an honor system; therefore, honesty and integrity are essential characteristics of all who are associated with the institution. All Amberton students are expected to abide by the honor system and maintain academic integrity in all their work. Amberton University and its instructors monitor student work for plagiarism and reserve the right to submit such work to technology-based plagiarism detection services and applications at any time.

Self-plagiarism means reusing work that you have already published or submitted for a class. It can involve:

- Resubmitting an entire paper
- Copying or paraphrasing passages from your previous work

Self-plagiarism misleads your readers by presenting previous work as completely new and original. Students may not submit the same paper in substance in two or more classes without prior written permission of the instructors involved.

Amberton University students who use Artificial Intelligence (AI) generated content must adhere to the following policies:

Originality: Students must avoid presenting AI generated content as their own original work. It is essential to acknowledge the involvement of AI in the content creation process in order to maintain academic and ethical standards.

Paraphrasing: When using AI generated content, students must rephrase and/or modify the generated text. Paraphrased AI generated content should also be properly cited.

Acknowledgement: When using AI generated content in any assignment, proper credit must be given to the AI system that generated the content. <https://apastyle.apa.org/blog/how-to-cite-chatgpt>

Students agree that by taking this course, all required assignments may be subject to submission for a textual similarity review to Turnitin.com for the detection of plagiarism and self-plagiarism. All submitted papers will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism in future papers. Use of Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com website.

Turnitin is a writing improvement and plagiarism prevention tool which uses special algorithms, to compare text-based student submissions to the Turnitin database and other online sources. Turnitin produces a detailed **similarity report** that can be customized and viewed by instructors and students.

Turnitin “Draft Coach” is a Google based add-on to Turnitin which supports students in developing high-quality academic writing; and serves as an integrity coach. Draft Coach helps address errors and improve the quality of student’s writing by highlighting grammar mistakes, identifying incorrectly cited sources, and scanning for similarity across several databases. By providing formative feedback on how to address citation issues,

incorrect grammar, and matches with the Turnitin database, Draft Coach provides explanations to help students become more confident writers, capable of producing higher quality work both in academics and in the workplace.

COURSE OUTLINE AND CALENDAR:

This course will focus on the student's academic and professional growth. The classroom activities will include textbook reading, discussions, homework, a final project, and a course paper. These activities are designed to help students acquire knowledge, increase learning, and master course content.

Week	Topic	Assignment	Competencies Covered	Due Date
1	Chapter 1: Understanding HR Analytics Chapter 2: HR Information Systems & Data	Read Chapters 1 and 2 Do Discussion 1 Acquire SPSS s/w	1, 3, 7, 13	June 23, 2024
2	Chapter 3: Analysis Strategies Chapter 4: Diversity Analytics	Read Chapters 3 and 4 Do Discussion 2 Complete Homework 1	1, 2, 3, 4, 5, 6, 7, 11, 13	June 30, 2024
3	Chapter 5: Employee Attitude Surveys – Engagement & Workforce Perceptions	Read Chapter 5 Do Discussion 3	4, 5, 6, 7, 12, 13	July 7, 2024
4	Chapter 6: Predicting Employee Turnover	Read Chapter 6 Do Discussion 4 Complete Homework 2	4, 5, 6, 7, 9	July 14, 2024
5	Chapter 7: Predicting Employee Performance	Read Chapter 7 Do Discussion 5	4, 5, 6, 7, 8, 10, 13	July 21, 2024
6	Chapter 8: Recruitment & Selection Analytics	Read Chapter 8 Do Discussion 6 Complete Homework 3	4, 5, 6, 7, 12	July 28, 2024
7	Chapter 9: Monitoring the Impact of Interventions	Read Chapter 9 Do Discussion 7	4, 5, 6, 7, 10, 13	August 4, 2024
8	Chapter 10: Business Applications:	Read Chapter 10 Do Discussion 8	4, 5, 6, 7, 12, 13	August 11, 2024

	Scenario Modeling & Business Cases	Complete Homework 4		
9	Chapter 11: More Advanced HR Analytic Techniques Chapter 12: Reflection on HR Analytics: Usage, Ethics, and Limitations	Read Chapters 11 and 12 Do Discussion 9 Complete Final Project Complete Course Paper	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13	August 18, 2024
10	Course Conclusion	Do Discussion 10	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13	August 22, 2024

GRADING CRITERIA:

There are four types of assignments given in class.

Discussions – There is a course discussion each week. Students are required to have an initial post answering the question and a reply post responding to a classmate. More details will be given in each discussion.

Homework – There are four homework assignments. Students will be required to use SPSS to do analysis on HR data sets and provide a meaningful interpretation of the results. More details will be given in each assignment.

Final Project – Students will be required to develop a PPT presentation with voice-over/added narration to each slide. The topic of the final project is open-ended but must relate to the broad area of HR Analytics. It cannot be the same topic as the Course Paper below. More details will be given in the course shell.

Course Paper – Students will be required to develop a written paper not to exceed five pages. The paper will present an HR issue that your current (or previous) place of employment can investigate with analytics. You will develop valid research questions and testable hypotheses, describe how you will collect the needed data, and do the analysis (i.e., what techniques from class would answer the research questions/hypotheses). It will lastly describe the real benefits of the analysis to the organization (i.e., save money, be more efficient, better select the right candidates, etc.). More details will be given in the course shell.

NOTE: No formal data analysis is required for the course paper.

Assignment	Quantity	Points	Percent
Discussions	10 (due weekly)	20 points each, 200 total	20% of course grade
Homework	4 (due in Weeks 2, 4, 6, 8)	100 points each, 400 total	40% of course grade
Final Project	1 (due in Week 9)	200 points each, 200 total	20% of course grade
Course Paper	1 (due in Week 9)	200 points each, 200 total	20% of course grade

Graduate	
92 – 100	A
82 – 91	B
72 – 81	C
62 – 71	D
Below 62	F

GRADE NOTIFICATION AND INSTRUCTOR FEEDBACK:

A successful distance learning experience requires a flow of communication between instructor and student throughout the session. Instructor comments are considered essential to the learning process. Therefore, each assignment/exam submitted will be reviewed, graded, and returned to the student in a timely manner along with the appropriate commentary. Students should carefully review all comments.

Final grades are processed approximately one week after the last day of the session and may be located in the My Grades section of the online registration portal as well as being emailed to the student's Amberton University email. Amberton University staff will not release grades over the phone. University instructors will not leave a message with comments or grades in any type of media that is not secure.

For questions regarding grades after the semester has ended, students should use their university email account and contact the instructor at the faculty email address as provided above in *Professor Information* area.

Incomplete Grades

An "I" (incomplete grade) is given at the discretion of the professor and may be given only when an emergency or illness prevents the student from completing course requirements. Should an "I" be granted, the student has 30 days from the end of the session to complete the conditions of the incomplete. An "I" which is not properly removed within 30 days following the session enrolled will become an "F" grade.

How To Withdraw From a Course

To be official, the class withdrawal must be in writing and signed by the student requesting the withdrawal; no withdrawal is accepted verbally. Please review the "Schedule of Classes" (online or in-print) for procedures for class changes or withdrawals and the refund policy and schedule.

COURSE DELIVERY METHODOLOGY:

This course is offered as a distance-learning course through the Moodle Learning Platform. Amberton's distance learning courses, called e-Courses, are identical to classroom courses in terms of learning outcomes, competencies, and instructor expectations. A student choosing to take an e-Course must have the following skills and technical capabilities:

1. Access to the Internet
2. General knowledge in:
 - Internet browser settings and configuration
 - e-mail and file attachments
 - Uploading and downloading files
 - Using a word processing package
3. Ability to conduct on-line research

Students who have not mastered these skills should not enroll for this course but should consider enrolling in MIS2110 Computer Concepts and Internet Technologies for instruction in these areas.

HOW TO ACCESS YOUR COURSE:

Through the Amberton University Student Portal

Students enrolled in distance learning courses using the Moodle Learning Platform may access the course through the Amberton University Student Portal. The site may be accessed through the University's main page (<http://www.Amberton.edu>) or at <http://apps.Amberton.edu>. After selecting the "Student Portal" link, you will be prompted for a Username and Password.

Use your assigned **username and password** (AUID) as described below to enter the AU Student Portal:

Username = your capitalized firstname **initial**+lastname+last 3 digits of your SSN.

* Use your name exactly as it is listed on the University's records, including any suffixes or hyphenations, such as Jr, Sr, or II, as a part of your username.

For example: James Jones, Jr. SSN: 123-45-6789
Username: JJonesJr789

Password = your Amberton University ID# (AUID) including the dashes

For example: 04-999-999

Once your login has been validated, you may select from a variety of menu options, including your individual E-Course, email account, Remote Research, General Tools, all Syllabi and Research Tutorials.

If you are accessing the Student Portal from a public or shared computer, close the browser completely when finished, or click on the Logout button. For security purposes, no other person should have access to your Username or Password. If you feel your information has been compromised or if you experience technical difficulties, contact the e-course system administrator at: e-sysop@amberton.edu

If you have lost or do not know your Amberton ID#, please contact the Student Services Office 972/279-6511 or advisor@Amberton.edu for a replacement AUID card. You must know your Amberton ID# to gain access to the course and to send an email to your professor.

Through the Amberton University Moodle Website

Students enrolled in distance learning courses using the Moodle Learning Platform may also access the course by going to: <http://moodle.Amberton.edu>

For those utilizing Moodle for the first time, the **username and password** for the Moodle Learning Platform will be emailed to the student's University email account prior to the start of the course. For those returning to Moodle who do not remember their username and password, click on the link "*Forgotten your username or password*" available on the Moodle log in page (<http://moodle.Amberton.edu>). Otherwise use the same username and password as previous session.

Moodle Tutorial:

Upon successful log in and access to the Moodle learning platform, there is a *Student Moodle Tutorials* course available, to learn about the basics of Moodle. Simply click on the link for the *Student Moodle Tutorials* and read through the various learning topics: Navigating; Communicating; Assignments & Exams; Grades; and Student Resources.

COURSE COMMUNICATIONS:

Students will communicate with faculty through the Moodle Learning Platform or the Amberton University email system.

Email Communication

Each student enrolled is assigned an Amberton email account, which gives the student access to the Amberton email system (my.Amberton.edu). This email account is provided by Google Apps for Education. Students are encouraged to check their email regularly for University news, notices, and to communicate with instructors.

The student's assigned email address would be Username@my.Amberton.edu

Example: LJones-Smith789@my.Amberton.edu

The student Username is determined by:

firstname initial+lastname+last 3 digits of student ssn.

For example: Linda Jones-Smith SSN: 123-45-6789
Email Address = LJones-Smith789@my.Amberton.edu

Students will be prompted for a Username and Password when accessing their email account. Use the Username portion of the email address as the username (Example: LJones-Smith789) and your Amberton ID# (including the dashes) as the password.

If you already have a Google Gmail account, you might be prompted to add this account to your current account. Click 'Yes' and you will be logged into your my.Amberton.edu email account. It will be a separate email account from your personal Gmail account.

If you need assistance with your email account, please visit <https://support.google.com/mail>

Students are responsible for reviewing the “Communication Guidelines” provided on the individual E-Course for specific instructor requirements.

Upon completion of a session, all communication and course specific information is removed from the Moodle system. If a student needs to maintain a record of communications or assignments, the student is strongly encouraged to print out or download these items to a disk for their own records.

FORMAT AND SUBMISSION OF ASSIGNMENTS:

Assignments are to be submitted to the appropriate assignment Drop Box in the Moodle system. Specific directions and guidelines for submission of assignments are located on-line in the “Communication Guidelines” of the e-course. Due to compatibility issues, Office 2007 files cannot be read by earlier versions of Microsoft Office. Before submitting an exercise file, confirm the file is in the proper format for grading by the instructor.

INSTRUCTOR/COURSE EVALUATION:

Each session, all Amberton students are provided with the opportunity to evaluate their courses and instructors. The evaluation process is an important one and provides students with an anonymous and confidential way to give meaningful feedback to the University. Summary information and comments are provided to faculty after the close of the session. All information provided is anonymous.

The Instructor/Course Evaluation will be open for completion during week 9 of the session. An evaluation assignment will be placed in week 9 of the Moodle course, along with the instructions on how to complete the evaluation. Prior to week 9, the University will send out an email containing instructions and dates for the evaluation period.

RESEARCH RESOURCES:

The Library provides access to full-text, and peer reviewed articles, and digital research tools. Students can search Library holdings through the online catalog and databases search engines available on the Library website or browse the physical library space and holdings located at the Garland campus.

Research items not contained in the Amberton Library collection can be located through interlibrary Loan (ILL) or through the TexShare program with the help of the Library staff. Students with questions about available services, resources, or research, may contact the Library via email at Library@amberton.edu.

RESEARCH ACCESS:

Databases can only be accessed by authorized users, and students at Amberton must enter their Amberton ID credentials-same as Moodle login-to gain access when off-campus. Use an Amberton website, such as the University site (Amberton.edu) or the library site (Library.amberton.edu) to find links to databased and digital books. Online resources are available all day, every day.

Library Live Chat Feature

Library staff are available to assist students with research problems or questions during Library hours through a live online chat feature, telephone, email, “How-to” videos, or in person. The library telephone is (972-279-6511 ext. 185. You can email questions to library@amberton.edu or visit the library in person on the Garland campus for assistance.
