The AU Virtual Bookstore provides an easy to use interface, online buyback of books, and same day shipment of most titles with an average delivery time of 2-3 days depending on the student's location. Textbook options include new, used, rental, and electronic media as available.

COURSE POLICIES:

***SPECIAL NOTICE

The professor for this course holds the rank of Vice President or higher for Amberton University. Should a student have an appeal or grievance relative to the final grade received for this course, s/he must follow the following appeal procedure, which is an exception to the appeal procedure as outlined in the Amberton University Catalog. This appeal procedure is for the final course grade only. Individual grades for exercises or examinations are considered a part of the learning process and can only be judged in the totality of the learning and evaluation process.

If this appeal procedure does not meet with the approval of the student, s/he should not enroll in this course.

APPEAL PROCESS

1. To begin the appeal process, the complaint must be in writing.
2. The appeal will immediately be forwarded to a non-involved Vice President for handling.
3. The second non-involved Vice President will inform the class professor of the complaint and the professor will/may reply to the complaint in writing.
4. This second non-involved Vice President will select an appeal committee of no fewer than three faculty and forward both the student's complaint and the professor's response to the faculty committee for review.
5. The committee will review the appeal and render a confidential judgment (committee members who voted, how they voted, will be kept confidential).

6. The conclusion of the committee will be forwarded to the student. The committee's findings will be final.

Students are expected to submit assignments (exercises/exam) by the date scheduled. As a general rule, make-up exams will not be allowed, and assignments submitted after the date due will not be accepted. Exceptions will be considered on a case-by-case basis and only if the student has contacted the professor **before** the scheduled exam or assignment due date. In all cases, there will be a **10% penalty per 24-hour period past the due date** applied to any late assignment.

Assignments can include written responses to exercises, projects, and class discussions – there will be no opportunities for extra-credit or make-up work in this class. Reading assignments will be given over various units of the textbook and from selecting computer concepts websites.

Student's Responsibilities

This syllabus contains information, policies, and procedures for a specific course. By enrolling, the student agrees to read, understand, and abide by the policies, rules, regulations, and ethical standards of Amberton University as contained in the current university catalog and schedule of classes.

Attendance Policy:

Regular and punctual class attendance and engagement is expected at Amberton University. In case of an absence, it is the student's responsibility to contact the professor as soon as possible. If a student intends on withdrawing from a course, it is the student's responsibility to follow the university's policy on formally withdrawing from a course. **Ceasing to attend classes does not constitute an official withdrawal.**

Attendance in a lecture course is defined as punctual arrival to, and engagement in, a full lecture session. Attendance in a distance learning course is defined as active participation in the weekly online class sessions. "Active participation" can be defined as: submitting an academic assignment, taking an exam, engaging in an interactive tutorial, participating in an online discussion forum (or chat session), or initiating (or responding to) a communication with a faculty member about an academic assignment or the subject matter of the course. A student not meeting these requirements may be dropped at the discretion of Amberton University.

Plagiarism Policy

Plagiarism is the presentation of someone else's work as though it were your own. If you use another person's words, ideas, or information; or if you use material from an outside source – whether a book, magazine, newspaper, business publication, broadcast, speech, or electronic media – you must acknowledge that source. Plagiarism is a violation of the University's code of student ethical conduct and is one that is taken seriously. Amberton University operates on an honor system; therefore, honesty and integrity are essential characteristics of all who are associated with the institution. All Amberton students are expected to abide by the honor system and maintain academic integrity in all their work. Amberton University and its instructors monitor student work for plagiarism and reserve the right to submit such work to technology-based plagiarism detection services and applications at any time.

Self-plagiarism means reusing work that you have already published or submitted for a class. It can involve:

- Resubmitting an entire paper
- Copying or paraphrasing passages from your previous work

Self-plagiarism misleads your readers by presenting previous work as completely new and original. Students may not submit the same paper in substance in two or more classes without prior written permission of the instructors involved.

Students agree that by taking this course, all required assignments may be subject to submission for a textual similarity review to Turnitin.com for the detection of plagiarism and self-plagiarism. All submitted papers will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism in future papers. Use of Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com website.

Turnitin is a writing improvement and plagiarism prevention tool which uses special algorithms, to compare text-based student submissions to the Turnitin database and other online sources. Turnitin produces a detailed **similarity report** that can be customized and viewed by instructors and students.

Turnitin “Draft Coach” is a Google based add-on to Turnitin which supports students in developing high-quality academic writing; and serves as an integrity coach. Draft Coach, helps address errors and improve the quality of student’s writing by highlighting grammar mistakes, identifying incorrectly cited sources, and scanning for similarity across several databases. By providing formative feedback on how to address citation issues, incorrect grammar, and matches with the Turnitin database, Draft Coach provides explanations to help students become more confident writers, capable of producing higher quality work both in academics and in the workplace.

Students should carefully review all comments.

Final grades are processed approximately one week after the last day of the session and may be located in the My Grades section of the online registration portal as well as being emailed to the student's Amberton University email.
