

## Graduate Certificate **APPLIED ARTIFICIAL INTELLIGENCE (AI)**

### Certificate Overview

The Graduate Certificate in Applied Artificial Intelligence is ideal for Amberton students who desire to enhance their personal and workplace influence. The curriculum focuses on the fundamental skills necessary to understand and convey the appropriate use of artificial intelligence (AI) in professional environments. This certificate will enable the student to display professionalism, emotional intelligence, and other career-building skills, including communication, team building, time management, conflict resolution, adaptability, critical thinking, work ethic, problem-solving, and leadership.

### Courses Required

<b>MGT5710</b>	Applied Artificial Intelligence for Business	3 Hours
<b>MGT5765</b>	Artificial Intelligence (AI) Essentials	3 Hours
<b>MGT5790</b>	AI-Driven Innovation & Strategy	3 Hours
