

MASTER of BUSINESS ADMINISTRATION

STRATEGIC LEADERSHIP

Program Overview

The Master of Business Administration degree in Strategic Leadership develops the managerial skills necessary for leadership roles in modern organizations. Core requirements emphasize competencies for implementing organizational systems, managing change, and resolving conflict within a framework of ethical leadership. Customization, through selection of electives, allows the program to compliment individual career goals. This versatile degree allows graduates to fill executive leadership roles in management, consulting, and financial services or assume positions in healthcare, government, and education. The mission of the Master of Business Administration in Strategic Leadership program is to develop the critical thinking and decision-making skills for leadership in dynamic organizations by providing an ethical framework for internal and external analysis, organizational planning, goal setting, and the effective implementation of competitive strategies. The program may be completed through a combination of on-campus and online courses or 100% online.
