

BBA/MBA DUAL ACCOUNTING PROGRAM

Amberton offers an accelerated MBA Accounting option for those completing the BBA Accounting degree (public accounting track) through Amberton. This accelerated MBA option allows a student to complete up to six graduate credits required in the MBA Accounting program as part of their BBA Accounting program. Taking advantage of this opportunity reduces the MBA Accounting degree to 30 additional credits beyond the BBA Accounting degree. This option is available 100% online.

This program offers the opportunity for those seeking the CPA certification to complete a total of 45 hours of accounting coursework and also meet the 150 hour pathway to licensure. (See the TXBPA or other state board of accountancy to confirm your licensure options.)

I. Required Graduate Studies	6 Hours

See current catalog for prerequisites.

* FIN5250 and MGT5203 are courses completed in the Dual Degree B.B.A. and M.B.A. Accounting program and do not need to be repeated by the student.

BACHELOR of BUSINESS ADMINISTRATION

ACCOUNTING

Program Overview

The Bachelor of Business Administration in Accounting offers two tracks of study depending upon the professional interest of the student. Track B-1 is designed to meet the needs of the student who is interested in public accounting and plans to pursue a CPA certification. Track B-2 is designed to meet the needs of the student who is interested in managerial accounting and plans to pursue a CMA certification. The curriculum for both tracks is focused on a strong theoretical foundation of accounting principles and theory for financial and managerial accounting, data analytics, surveys of taxation, auditing, and advanced topics. A strong business core also provides a solid foundation for understanding business principles and acumen. The program is offered through a combination of on-campus and online courses or 100% online.

BACHELOR OF BUSINESS ADMINISTRATION

ACCOUNTING PROGRAM

The curriculum for both tracks is focused on a strong theoretical foundation of accounting principles and theory for financial and managerial accounting, data analytics, and surveys of taxation, auditing, and advanced topics.
