

# MASTER of BUSINESS ADMINISTRATION

## GENERAL BUSINESS

### Program Overview

The Master of Business Administration degree in General Business develops analytical business and general managerial skills within a broad-based business curriculum. Building upon the foundational disciplines of Economics, Finance, Management, and Marketing, students customize their program with electives in Business Administration. Graduates will use this highly versatile degree in a wide range of leadership settings including consulting, small businesses, domestic companies, and international corporations. The mission of the Master of Business Administration in General Business program is to prepare students to succeed in business by providing a curriculum that focuses on integrating theory, research, and application to current real world business issues. The program concentrates on educating the students on the concepts of accounting, economics, finance, marketing, management, business law, statistical analysis, critical thinking, and problem solving. The program is offered through a combination of on-campus and online courses or 100% online.
