Student's Responsibilities

This syllabus contains information, policies, and procedures for a specific course. By enrolling, the student agrees to read, understand, and abide by the policies, rules, regulations, and ethical standards of Amberton University as contained in the current university catalog and schedule of classes.

Attendance Policy:

Regular and punctual class attendance and engagement is expected at Amberton University. In case of an absence, it is the student's responsibility to contact the professor as soon as possible. If a student intends on withdrawing from a course, it is the student's responsibility to follow the university's policy on formally withdrawing from a course. **Ceasing to attend classes does not constitute an official withdrawal.**

Attendance in a lecture course is defined as punctual arrival to, and engagement in, a full lecture session. A Student in a lecture course missing more than 20% (two class periods for weekday classes or one class period for Saturday classes) of the class meetings may be assigned a grade of an "F" or withdrawn at the discretion of Amberton University.

Attendance in a distance learning course is defined as active participation in the weekly online class sessions. "Active participation" can be defined as: submitting an academic assignment, taking an exam, engaging in an interactive tutorial, participating in an online discussion forum (or chat session), or initiating (or responding to) a communication with a faculty member about an academic assignment or the subject matter of the course. A student not meeting these requirements may be assigned a grade of an "F" or withdrawn at the discretion of Amberton University.

Plagiarism Policy

Plagiarism is the presentation of someone else's work as though it were your own. If you use another person's words, ideas, or information; or if you use material from an outside source – whether a book, magazine, newspaper, business publication, broadcast, speech, or electronic media – you must acknowledge that source. Plagiarism is a violation of the University's code of student ethical conduct and is one that is taken seriously. Amberton University operates on an honor system; therefore, honesty and integrity are essential characteristics of all who are associated with the institution. All Amberton students are expected to abide by the honor system and maintain academic integrity in all their work. Amberton University and its instructors monitor student work for plagiarism and reserve the right to submit such work to technology-based plagiarism detection services and applications at any time.

Self-plagiarism means reusing work that you have already published or submitted for a class. It can involve:

- Resubmitting an entire paper
- Copying or paraphrasing passages from your previous work

Self-plagiarism misleads your readers by presenting previous work as completely new and original. Students may not submit the same paper in substance in two or more classes without prior written permission of the instructors involved.

Amberton University students who use Artificial Intelligence (AI) generated content must adhere to the following policies:

Originality: Students must avoid presenting AI generated content as their own original work. It is essential to acknowledge the involvement of AI in the content creation process in order to maintain academic and ethical standards.

Paraphrasing: When using AI generated content, students must rephrase and/or modify the generated text. Paraphrased AI generated content should also be properly cited.

Acknowledgement: When using AI generated content in any assignment, proper credit must be given to the AI system that generated the content. <https://apastyle.apa.org/blog/how-to-cite-chatgpt>

Students agree that by taking this course, all required assignments may be subject to submission for a textual similarity review to Turnitin.com for the detection of plagiarism and self-plagiarism. All submitted papers will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism in future papers. Use of Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com website.

Turnitin is a writing improvement and plagiarism prevention tool which uses special algorithms, to compare text-based student submissions to the Turnitin database and other online sources. Turnitin produces a detailed **similarity report** that can be customized and viewed by instructors and students.

Turnitin “Draft Coach” is a Google based add-on to Turnitin which supports students in developing high-quality academic writing; and serves as an integrity coach. Draft Coach helps address errors and improve the quality of student’s writing by highlighting grammar mistakes, identifying incorrectly cited sources, and scanning for similarity across several databases. By providing formative feedback on how to address citation issues, incorrect grammar, and matches with the Turnitin database, Draft Coach provides explanations to help students become more confident writers, capable of producing higher quality work both in academics and in the workplace.

Please see below for instructions.

COURSE OUTLINE AND CALENDAR:

Quizzes:

There will be two quizzes given. It is imperative that students make arrangements to take these quizzes. The quizzes will be given. The quizzes will be on Thursday and the end of Saturday at 6 PM CST. The students will be given **65 minutes to complete the 35-question multiple choice quiz. Once you start the quiz, you must complete it. You cannot start the quiz, take a break, and then return to complete it. Once you start, you must complete it. If one of the answer choices is all of the above, it simply means all of the choices.**

Discussion Board

There will be two discussion boards that the students will be required to participate in. The discussion question will be posted prior to the start of the class. The student may complete the discussion board as they wish if it is on or before the due date.

I like to limit my involvement in the discussion boards. Also, I will provide feedback, I like to allow the students to interact without a lot of professor involvement. The student will respond to the question from the professor in a 250-word minimum post. The student will use at least one outside source when responding to the discussion question from the professor. The student must show in-text citations and references at the bottom of their post. The students will also respond to at least two of their colleagues on both discussion boards. Quality of work, coverage of the subject, proper punctuation, and APA are also the focus on this grading assignment. **Please Note: Do not include any direct quotes that require word-for-word statements. Also, please do not attach a discussion board. Please post directly to the text.**

Essay Questions

Students will be involved in answering a set of discussion questions. The students will number and write the questions. There is no page number requirement, but the student will answer each question in a thorough fashion. The student will include one outside source when answering **each** question. Please use a different source for each question. An outside source is another source other than the text. Please adhere to APA format with the cover page, in-text citations, and references. **Please Note: Do not include any direct quotes that require word-for-word statements. Please number and type the question from addressing them.**

Creation of a Business Plan

The class will be involved in a group project whereby the group will create a business plan. See the Business Plan Instructions for Week One and Week Ten. The group will work collectively on this project. If any member does not participate in this business plan, they will be dismissed from the group and will complete it on their own. The group will need a leader for this business plan. By the end of Week One, the group must decide on the leader of the group and the business plan they will create (See the business plan options in the instructions). Also, the group leader must contact me by the end of Week One. The group can decide on working together in each section or the leader can delegate a member to work in a specific section. This will take time so start early. Please adhere to APA format in the business plan and include at least five outside sources. It is a good idea to also exchange phone numbers so that students can communicate as well.

Please Note: Do not include any direct quotes that require word-for-word statements. Again, please see Week One and Week Ten for the details on this project.

PowerPoints and Study Guide

Use the textbook to answer the Study Guides and view the PowerPoint slides for preparation for the quizzes. The student does not need to submit the Study Guide to the professor. This is just a study aid for the students.

Please Note: For all assignments, do not include any direct quotes that require word-for-word statements from any source. Please paraphrase and then show the source.

I want to suggest that you download a plagiarism checker to check your work before submitting. There are numerous choices online. I use two different kinds of plagiarism detectors that I submit all assignments through.

GRADE NOTIFICATION AND INSTRUCTOR FEEDBACK:

A successful distance learning experience requires a flow of communication between instructor and student throughout the session. Instructor comments are considered essential to the learning process. Therefore, each assignment/exam submitted will be reviewed, graded, and returned to the student in a timely manner along with the appropriate commentary. Students should carefully review all comments.

Final grades are processed approximately one week after the last day of the session and may be located in the My Grades section of the online registration portal as well as being emailed to the student’s Amberton University email. Amberton University staff will not release grades over the phone. University instructors will not leave a message with comments or grades in any type of media that is not secure.

For questions regarding grades after the semester has ended, students should use their university email account and contact the instructor at the faculty email address as provided above in *Professor Information* area.

Incomplete Grades

An “I” (incomplete grade) is given at the discretion of the professor and may be given only when an emergency or illness prevents the student from completing course requirements. Should an “I” be granted, the student has 30 days from the end of the session to complete the conditions of the incomplete. An “I” which is not properly removed within 30 days following the session enrolled will become an “F” grade.

How To Withdraw From a Course

To be official, the class withdrawal must be in writing and signed by the student requesting the withdrawal; no withdrawal is accepted verbally. Please review the “Schedule of Classes” (online or in-print) for procedures for class changes or withdrawals and the refund policy and schedule.

2. Open Your Document: Open an existing assignment draft or start a new document and paste your writing into it.
3. Access the Extension: In the top menu bar of your Google Doc, click on Extensions.
4. Select Draft Coach: Hover over or click Turnitin Draft Coach, and then select Turnitin Draft Coach again from the submenu.
 - *Note: If the option does not appear immediately, refresh your page and try again.*
5. Draft Coach Panel: The Draft Coach panel should now appear on the right-hand side of your screen.
6. Get Started: The first time you open it, you may need to click a "Get Feedback" or similar button, and you will likely need to read and accept the Terms and Conditions to continue.
7. Run Reports: Once loaded, you can select the tabs or cards in the panel to run different checks:
 - Similarity Check: Checks against Turnitin's database. (*Note: You typically have a limited number of checks for similarity, often three.*)
 - Citations Check: Analyzes your document for correct citation and referencing practices.
 - Grammar Guide: Provides feedback on grammar and mechanics (usually US-English rules).

You are now ready to use Turnitin Draft Coach to review and improve your writing!
